## (General Data Protection Regulation)

*HackYourFuture (HYF) wants to be transparent about the use of data that you share with HYF, we therefore ask you to read and agree to the terms below:*

I hereby voluntarily give my consent to HYF keeping the personal information that I have shared with them as part of applying for the HYF program (fx name, photo, CV).

I give HYF permission to use my personal information for relevant activities in the program, fx using my email to send a newsletter regarding the program.

I give HYF permission to use photos of me for relevant promotional activities such as social media posts and content for the HYF website.

I give HYF permission to share my personal information with relevant third parties, for the **sole purpose of finding internship and job opportunities for me.**

I am aware that I can always demand that HYF delete or do not share some or all of my personal information, both while I am a student and after graduating from the program. HackYourFuture will keep my personal information for 5 years unless I am informed otherwise. If I no longer want to share my information with HYF I can contact HYF Staff and ask for my information to be deleted.  
(Be aware that this will be permanent and irrevocable).

### **Samtykkeerklæring/Declaration of Consent**

Specifically for use in research and impact assessments of HYFs programmes conducted in collaboration with Danmarks Statistik, I voluntarily give my consent for HYF to share my CPR-number or ID number as well as my income level with Danmarks Statistik. HYF and Danmarks Statistik will keep the CPR-number/ID number on record for a minimum of 2 years and a maximum of 5 years. The CPR/ID-number and income level will be gathered at different points in time and used to assess the long-term impact of HYFs programmes. The CPR-number/ID number will not be shared with any additional third party. The signee can at any time, and for any reason, retract this “Samtykkeerklæring/Declaration of Consent” by contacting HYF.

I hereby agree that I have read and understood the above.
